- Menninger Research Council member
- Co-led Menninger's Lean In Circle, a women's leadership development group, for two years (past)
- BCM Grand Rounds Committee member
- BCM Senate Faculty Representative for Menninger (2023-current)
- BCM Psychiatry, Psychology Department, Awards Committee member
- Didactic instruction for BCM Psychiatry resident training program
- Supervision/Educational consultation for BCM Psychiatry residents for CBT intervention
- Supervisor of BCM Neuropsychology fellows for minor rotations at Menninger

Outpatient Assessment Coordinator, TIRR Memorial Hermann, Department of Neuropsychology

January 2018-June 2019

- Coordinate testing support schedules across the system (includes five clinics, three psychometrists, and multiple trainees)
- Development of outpatient service delivery policies and procedures
- Oversight of scheduling and customer service issues
- Lead outpatient neuropsychology service quarterly meetings for providers across the system (includes nine neuropsychologists, three psychometrists, and our department director)
- Lead weekly meetings with scheduling team to address immediate scheduling and customer service concerns
- Outreach to referring providers to market our outpatient neuropsychology services
- Maintain duties as outlined below

Clinical Neuropsychologist, TIRR Memorial Hermann, Department of Neuropsychology

May 2015-2021 (supplemental from July 2019-2021)

- Outpatient adult neuropsychological assessments and feedback. Typical referrals

received from Neurology, PM&R, and Psychiatry. Diagnoses include: neurodegenerative diseases, TBI, ABI, CVA, brain tumor, & mental health disorders

- Inpatient adult neuropsychological assessments on the Brain Injury and Spinal Cord Injury Rehabilitation units
- Outpatient and inpatient psychological (and sometimes neuropsychological) assessments for spinal cord stimulator implants, bariatric surgery, organ transplant, and headache surgery candidates
- Supervision of practicum students, BCM/TIRR intern, and neuropsychology fellows
- On-site co-director of the BCM-TIRR Rehab/Neuropsychology Internship program (2016-2019)
- Participation on the multi-disciplinary TIRR Neurodegenerative Diseases Core Group

Clinical Neuropsychologist, Stuart J. Nathan, PhD & Associates, Private Practice

March 2014-June 2015

- Outpatient adult neuropsychological assessments, feedback, and interventions
Typical referrals received from Neurology, Psychiatry, and Family Medicine/Primary Care practitioners
- Inpatient adult neuropsychological assessments on multidisciplinary rehabilitation units at HealthSouth Rehabilitation Hospital of Cypress, HealthSouth Sugar Land Rehabilitation Hospital, and Memorial Hermann Southwest Hospital
- Outpatient psychological assessments for bariatric surgery candidates
- Outpatient time-limited psychotherapy with bariatric surgery candidates

Clinical Neuropsychologist, TIRR Memorial Hermann, Department of Neuropsychology

September 2012-February 2014

- Inpatient adult neuropsychological assessments on the Brain Injury and Spinal Cord Injury Rehabilitation units
- Individual psychotherapy and behavior management for the rehabilitation inpatients and supportive therapy and education to their families/caregivers
- Participation in weekly multidisciplinary team/family meetings for inpatient rehabilitation patients
- Outpatient adult neuropsychological assessments, feedback, and interventions. Typical referrals received from Neurology, PM&R, and Psychiatry
- Outpatient psychological assessments for spinal cord stimulator implant and headache surgery candidates
- Outpatient time-limited individual psychotherapy with adults with a variety of diagnoses, including Mood Disorders, Anxiety Disorders, insomnia, and adjustment to medical illness
- Supervision of postdoctoral fellows and practicum students in the administration of neuropsychological testing, report writing, and psychological interventions

Clinical Neuropsychologist, Memorial Hospital at Gulfport, Department of Neuroscience & Rehabilitation

August 2010-August 2012

- Outpatient adult neuropsychological assessments, feedback, and interventions. Typical referrals received from Neurology, Neurosurgery, and Family Medicine/Primary Care
- Outpatient psychological assessments for spinal cord stimulator implant candidates. Referrals received from Pain Management and Neurosurgery

- Inpatient adult neuropsychological assessments on the Rehabilitation unit.
- Participation in multidisciplinary team/family meetings for inpatient rehabilitation patients
- Outpatient time-limited individual psychotherapy with adults with a variety of diagnoses, including Mood Disorders, Anxiety Disorders, and adjustment to medical illness

Study Coordinator (3/08-8/08) & Assessment Technician (8/07-8/08), VA Cooperative Study: *Integrating Practice Guidelines for Smoking Cessation into Mental Health Care for Posttraumatic Stress Disorder (PTSD)*, Michael E. DeBakey Veterans Affairs Medical Center, Houston August 2007-August 2008

- The purpose of the study was to determine whether integrating smoking cessation treatment into mental health care for PTSD improves the rate of prolonged abstinence from smoking in Veterans with PTSD, compared to the usual standard of smoking cessation treatment at a VA hospital. All study subjects at this site are Veterans with a diagnosis of PTSD who were enrolled in the Trauma Recovery Program (TRP) for mental health treatment

CLINICAL TRAINING

POSTDOCTORAL FELLOWSHIP in Clinical Neuropsychology, Michael E. DeBakey Veteran Affairs Medical Center, Houston

August 2008-August 2010

Neurology- Supervisor, Robert Collins, Ph.D., ABPP-CN

Mental Health Care Line Neuropsychology - Supervisors, Andrea Cohen, Ph.D., & Jane Booth, Ph.D., ABPP-CN

Polytrauma and Rehabilitation- Supervisor, Nicholas Pastorek, Ph.D., ABPP-CN

Primary Care Based Mental Health- Supervisor, Jeff Cully, Ph.D.

PREDOCTORAL INTERNSHIP, Michael E. DeBakey Veteran Affairs Medical Center, Houston

August 2006-August 2007

Comprehensive Mental Health Program (CMHP) - Supervisor, Karen Waldman, Ph.D.

Spinal Cord Injury Care Line (SCICL) - Supervisor, Robert B. Scholes, Psy.D.

Polytrauma and Rehabilitation - Supervisor, Nicholas Pastorek, Ph.D., ABPP-CN

Behavioral Medicine/Research -Supervisor, Jeffrey Cully, Ph.D. Trauma

Recovery Program (TRP) -Supervisor, Darlene Witcher, Ph.D.

Clinical Practicum, University of Miami/Jackson Memorial Hospital, Gambro Health Services, and Camillus Health Concern, Miami, FL

Supervisor, Efrain A. Gonzalez, Psy.D.

August 2004-December 2005

Clinical Practicum, Child Outpatient Program, Nova Southeastern University Community Mental Health Center, Ft. Lauderdale, FL

Supervisor, Kim Knight, Psy.D.

April 2003-April 2004

RESEARCH EXPERIENCE

Doctoral Dissertation

Illness Intrusiveness in Veterans with Congestive Heart Failure

The purpose of the study was to describe the perceived illness intrusiveness of heart failure and its treatment in CHF patients and to determine whether the sociodemographic factors of income, education, and living status (i.e., living alone vs. with someone else) were related to levels of perceived illness intrusiveness.

Status: Defended, July 14, 2008

Research Assistant, Nova Southeastern University, Center for Psychological Studies

Principal Investigators: Angela Waguespack, Ph.D. and Sarah Valley-Gray, Ph.D.

February 2003-November 2004

Research Assistant, Nova Southeastern University, Center for Psychological Studies

Principal Investigator: Jan Faust, Ph.D.

September 2002-May 2003

Research Assistant, Louisiana State University, Department of Psychology

Principal Investigator: Mary Lou Kelley, Ph.D.

September 2001-December 2001

TEACHING EXPERIENCE & ACADEMIC APPOINTMENTS

Clinical Assistant Professor, Baylor College of Medicine, Department of Physical Medicine and Rehabilitation, Houston, TX

November 2016-2019

Instructor, Baylor College of Medicine, Department of Psychiatry and Behavioral Sciences, Houston, TX

November 2008-August 2010

Adjunct Professor, Broward Community College, Ft. Lauderdale, FL

Supervisor, Mark Tromas, M.S.

January 2006-May 2006

ABSTRACTS & PRESENTATIONS

Benge, J.F., Collins, R.L, **LeMaire, A.**, Franks, R., Izadyar, S., & Chen, D. (February 2011). *Performance on the Structured Inventory of Malingered Symptoms in Known Epilepsy and Psychogenic Non-Epileptic Event Groups.* Poster presentation at the International Neuropsychological Society Annual Meeting, Boston, MA.

Chen, D. K., Izadyar, S., Collins, R. L., Benge, J. F., **LeMaire, A. W.**, and Hrachovy, R. A. (December 2010). *Induction of Psychogenic Non-Epileptic Events: Success Rates Vary with Ictal Semiology and Neuropsychological Profile.* Poster presentation at the American Epilepsy Society Annual Meeting, San Antonio, Texas.

- LeMaire, A. W.**, Maestas, K. L., Wood, S. M., & Collins, R. (February, 2010). *The Dementia Severity Rating Scale: Factor structure and neuropsychological correlates*. Poster presentation at the 38th annual conference of the International Neuropsychological Society, Acapulco, Mexico.
- Maestas, K. L., **LeMaire, A. W.**, Wood, S. M., & Collins, R. L. (February, 2010). *Veterans with dementia and their caregivers: Neuropsychological correlates of caregiver burden*. Poster presentation at the 38th annual conference of the International Neuropsychological Society, Acapulco, Mexico.
- Jawaid, A., Shirani, P., **LeMaire, A.**, Salamone, A., Strutt, A. M., Collins, R., Schulz, P. E. (September, 2008). *Clinical course of pure Alzheimer's Disease in the presence of co-morbid Diabetes Mellitus*. Poster presentation at the 133rd Annual Meeting of American Neurological Association, Salt Lake City, UT.
- Paukert, A. L., **LeMaire, A.**, & Cully, J. (November, 2008). *Predictors of depressive symptoms in Veterans with congestive heart failure*. Poster session presented at the annual meeting of the Gerontological Society of America, Washington, D.C.
- Problem-Solving Teams: The Role of the School Psychologist and Team Make-up*, co-presenter. Presentation at the Florida Association of School Psychologists Annual Conference, Sarasota, FL, November 11, 2004.

PUBLICATIONS & MANUSCRIPTS

- Deisseroth, C. A., Lerma, V., Magyar, C. L., Pfliger, J., Nayak, A., Bliss, N. D., **LeMaire, A. W.**, et al. (*Annals of Neurology*, 2022). An integrated phenotypic and genotypic approach reveals a high-risk subtype association for EBF3 missense variants affecting the zinc finger domain.
- Stinson, J. M., Collins, R. L., Maestas, K. L., Pacheco, V., **LeMaire, A.**, & Benge, J. (*Journal of Rehabilitation Research and Development*, 2014). Dependency aspect of caregiver burden is uniquely related to cognitive impairment in Veterans.
- McCulloch, K., Collins, R. L., Maestas, K. L., **LeMaire, A. W.**, & Pacheco, V. (*Alzheimer Disease and Associated Disorders*, 2014). Validation and diagnostic utility of the Dementia Severity Rating Scale in a mixed dementia population.
- Benge, J. F., Wisdom, N. M., Collins, R., Franks, R., **LeMaire, A.**, & Chen, D. K. (*Epilepsy & Behavior*, 2012). Diagnostic Utility of the Structured Inventory of Malingered Symptomatology for Identifying Psychogenic Non-epileptic Events.
- Chen, D. K., Izadyar, S., Collins, R. L., Benge, J. F., **LeMaire, A. W.**, & Hrachovy, R. A. (*Epilepsia*, 2011). Induction of Psychogenic Non-Epileptic Events: Success Rate Influenced by Prior Induction Exposure, Ictal Semiology, and Psychological Profiles.
- Maestas, K. L., Benge, J. F., Pastorek, N. J., **LeMaire, A.**, & Darrow, R. (*Rehabilitation Psychology*, 2011). Factor structure of Posttraumatic Stress Disorder symptoms in OEF/OIF Veterans presenting to a polytrauma clinic.

LeMaire, A., Shahane, A., Dao, T., Kibler, J., & Cully, J. (*Journal of Applied Gerontology*, 2011) Illness intrusiveness mediates the relationship between heart failure severity and depression.

Paukert, A. L., **LeMaire, A.**, & Cully, J. (*Aging and Mental Health*, 2009). Predictors of depressive symptoms in older Veterans with heart failure.

GRANT SUPPORT

- July 2024-
June 2029** **Molecular and Cellular Mechanisms of Cerebellar Dysfunction in Neurodevelopmental Disorders**
Amount: \$632,243 (FY 2024), NIH, National Institute of Neurological Disorders & Stroke
PI: Hsiao-Tuan Chao, MD, BCM; Research Team Member, Ashley W LeMaire, PhD, ABPP
Duties: development of cognitive research battery and neuropsychological assessment of adult research participants
- June 2009-
August 2009** **Women Veteran's Health Strategic Health Care Group Mini-Grant Program**
Amount: \$25,000.00
PI: Deleene S. Menefee, PhD; Research Team Participant, Ashley W. LeMaire, PhD as part of the MEDVAMC Women Veterans Health Research Team
Duties: Led 'Mental Health for Female Veterans' focus group, participation on manuscripts
Project Title: Targeting the Gap in Women Veterans' Knowledge of VA Services & Quality

PROFESSIONAL AFFILIATIONS

- American Psychological Association
- International Neuropsychological Society
- Houston Neuropsychological Society
